

I70 East PACT
Swansea Recreation Center, Denver
2650 East 49th Avenue, Denver, CO 80216
July 29, 2010

Draft Agenda

Objectives:

- To learn about each other's interest around the table
- To build agreement on how the group will work together (operating protocols)
- To collectively learn about the alignment alternative and history

[Note: exercise: dot an area on a map of great importance; during introductions talk about that area]

8:30 Welcome and charge to the PACT

Russell George - CDOT and Doug Bennett/Shawn Cutting - FHWA re-affirm their commitment to working with the PACT to achieve an agreement on a recommended preferred alternative on the I-70 reconstruction and reasons for initiating the collaborative process at this time.

8:50 Agenda review

9:00 Introductions

Purpose: to learn a bit about each of the people around the table and what is most important to them; to begin to see the range of interests around the table.

10:00 Break

10:15 Protocols

Purpose: to review and build agreement on the how the group will work together and the process and establish the process advisory committee..

11:40 Public Comment Session

Process: Public that wish to speak will sign-up at the beginning of the meeting; speakers will be given 2-3 minutes depending on the number of speakers. If there is not time for everyone signed up to speak, the facilitators will select a subset of the speakers to ensure that the PACT hears a range of perspectives.

12:00 LUNCH – A \$10 lunch will be available to participants, not mandatory

Participants will sign up and pay in the morning and the caterer will bring it.

1:00 Project: History, Funding & Alternatives – Presentation and Q&A (*NEPA, purpose and need, alignments and broad overview of impacts*)
Purpose: to collectively gain a base of information about the project and alternatives to date (NEPA, purpose and need, alignments and broad overview of impacts).

3:15 Break

3:30 Data Homework and Data Needs

- List of additional data needed for informed decision making
- Prioritize list based on need, time and cost

Purpose: to list the data needs necessary to have informed discussion and make decisions; and to prioritize which data needs will be addressed first.

4:15 Next Steps

Purpose for next meeting:

- Understand the range of interests that any solution needs to meet; to understand further data; and identify key challenges to be addressed
- Explore advantages and disadvantages of alignment options.
- Identify sub-groups for detailed discussion
- Finalize future meeting day/time

4:30 Adjourn
