

I70 East PACT
Swansea Recreation Center, Denver
2650 East 49th Avenue, Denver, CO 80216
November 11, 2010
8:30 a.m. – 4:30 p.m.

Draft Agenda

Objectives:

- To receive input from public school districts in the corridor
 - To present engineering review on alternative improvement suggestions
 - To review visualizations of certain features for the alternatives
 - To review interests/suggestions and begin work on evaluation worksheets
-

Pre-meeting: Collection of money for lunch, settle in

8:30 Welcome, Introductions and Agenda and Schedule review

8:45 Presentation:

Public School Districts in the Corridor

Allegra “Happy” Haynes, DPS

Sandy Mutchler, Adams County School District 14

Josh Hensley, Aurora Public Schools

10:00 Visualization of Elements

Review of materials illustrating possible features that could be incorporated into the alignments:

Walkability – walking and bicycle amenities

Profiles and elevations of structures

Visualization of under-viaduct features and amenities

11:00 Suggestion List – Annotated

Engineering list and analysis of suggested changes: Suggestions that are being done or will be done, those that can’t be done, and those needing more information.

11:45 Public Comment Session

Members of the public wishing to speak must sign in at the start of the meeting. Speakers have up to 2 minutes, depending on the number of speakers. If there is not enough time for everyone, the facilitators will select speakers representing a range of topics.

12:00 Lunch

12:30 Breakout Group work: Evaluation Worksheet

Breakout groups will use the PACT's interest list, data from the DEIS and a ranking tool to compare and evaluate elements of the alternatives. The groups will rank the elements with a three-tiered bubble according to how well it satisfies the group's stated interests:

- A little or not at all
- More or less
- A lot or completely

Timed discussion will allow groups to rank elements quickly where there is a higher level of consensus, and pass over more difficult items for more in-depth discussion. Groups then will compare their findings.

4:00 Next Steps

- East Corridor Working Group
- Next Meeting: December 9; Noon – 8:00 p.m. National Western Stock Show/National Western Club (details coming later)
- Agenda:
 - Continue evaluation of alternatives
 - Transit impacts
 - Transit-oriented development potential

4:30 Adjourn
